

## **Echo Conference | Session 2 | John Saddington**

Allow certain people in a limited context to do great work that change their story and echo biblical truths

### **Allow Certain People**

- It's about finding the right people
- The team is a leader's greatest asset
- It's not what, it's who
- Choose wisely who is on your team

### **In a Limited Context**

- Spending countless hours in an endeavor that may never render results, is that what you want?
- Same paradigms, same visions in a radically different reality

### **To Do Great Work**

- Self explanatory

### **That Change Their Story**

- What is the cost of your role?
- Take seriously what you are asking someone to do before they do it.

### **And Echo Biblical Truths**

- Not everything you do in ministry is completely evangelical
- Great teams matter
- Remember me, o my God, for good.
